## BCI/KISD Device Liability Agreement

**Please review the device liability agreement between KISD, parents, and students.**

Device remains the property of Keller ISD. There is no cost to use a KISD device, but there will/may be fees associated with missing or broken devices. Students must adhere to Student Code of Conduct as well as board policies as seen in the Keller ISD Internet Acceptable Use and Internet Safety Policy.

*Please read each statement carefully:*

- Students take full responsibility for their devices. The school is not responsible for the security of personal or checked-out technology.
- The student will use provided technology on a regular basis with a studious, academic mindset to ensure academic success while practicing digital citizenship.
- The student will only use appropriate applications on KISD-issued devices (i.e. not games). Non-educational games, social media apps, etc. should not be used on KISD devices at all.
- Students understand infecting the device with a virus or other program designed to damage, alter, destroy, or provide access to unauthorized data or information is in violation of the AUP (Acceptable Use Policy) and will result in disciplinary actions. The school district has the right to collect and examine any device that is suspected of causing problems or is the source of an attack or virus infection.
- Students realize that processing or accessing information on school property (the device) related to "hacking," altering, or bypassing network security policies is in violation of the AUP (Acceptable Use Policy) and will result in disciplinary actions. Students may only access files on the computer or Internet sites which are relevant to the classroom curriculum and suggested by a teacher.
- Students should not physically share their personal devices with others unless they have written permission to do so.
- Students understand that physically damaged devices will/may require fees to pay for repairs.
- Students understand that the school cannot replace lost or damaged chargers without a \$33 replacement charge.

**I understand and will abide by the above policy and guidelines. I further understand that any violation is unethical and may result in the loss of my technology privileges as well as other disciplinary action.**

**I accept responsibility for device(s) and & components listed.**
