

## Orchestra

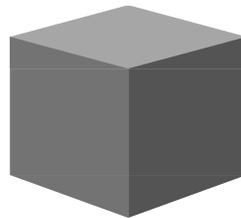

Interested in learning to play a string instrument like **violin, viola, cello**, or **bass**? Want to be able to perform for your family? Want to **make friends** with others who share a similar interest in music? Then the brand new **Trinity Meadows Orchestra** is the place for you. **No prior musical experience is required** – we start at the very beginning and teach you everything you need to know to be successful. It will be **fast-paced, focused, and FUN!** Orchestra does have some modest costs involved (i.e. instrument rental, participation fee, supplies and method book); however, don't let that hold you back. Usually there is a way to help so that everyone who genuinely wants to be a part can be. To **find out more** about the TMO and see a demonstration of each type of instrument, scan the QR code below to watch a cool video.

## 6TH GRADE CO-CURR

As as 6th grader, you are given the opportunity to choose your Fine Arts co-curr class for the year in addition to participating in PE every other day. It is our intention to give you your first choice in co-curr, but first choice cannot be guaranteed.

# TMI FINE ARTS

# OUR FINE ARTS CLASSES

## Band

The Trinity Meadows Band Program offers an engaging environment for students to **develop musicianship, create lifelong friendships**, and watch as their **hard work** pays off! With a large range of choices, students will learn everything they need to know about their chosen instrument - from how to hold it properly to **performing at concerts and contests**. No previous musical experience or knowledge is required, just a **desire to learn** and have **FUN!** The TMIS band competes at the **EPIC water park contest** in December as well as the **Pride of Texas band competition** and a trip to **Hurricane Harbor** in the Spring. Band does have some costs, which will vary depending on your instrument and supplies. However, money should never be a reason to decline being in band - if you love music and want to play an instrument, sign up and we can make it happen! For more information and to formally sign up for band, go to **info.trinitybands.net**. Once you have explored all the options the band has to offer, **please fill out the google form on "Sign up to be a part of the Band"**.

## Art

6th Grade Art students have the unique opportunity to **explore** and **create** with various media and techniques in **painting, drawing, collage, textiles, and ceramics**. Students will also be given the chance to grow as artists by competing at **Jr. VASE** and showcasing their work at the **district art show** in the spring. Art is the perfect place to be creative, try new things, and express yourself!

## Theatre Arts

6th Grade Students will **delve deeper** into more complex studies of theatre including all **technical aspects** such as **lights, sound, costumes, & directing**. Students will also expand their acting repertoire by learning how to perform **monologues** for auditions, and **group scenes** using the styles of **commedia dell'arte, Shakespeare, and more**.

## Choir

The TMI Choir Department intentionally develops students musical, performance and social skills. Every student learns to read music, grows in their singing ability and builds healthy relationships with other choir students through **teamwork, games, social events and performances**. Approximately half of our choir students are a part of **Agility**, our **award-winning competitive show choir**. Our other choir members are students who love to sing and develop their performance skills without dancing. All 6th grade choir members perform at the **Epic Waters** and **NRH2O Music Festivals**. We also host **multiple social events and parties** to build community in our choir family. There is a fee for choir, although no one will be turned away! Scan the QR code for more information about CHOIR!
