PLANNING AND
PREPARATION

The District has waived provisions in state law regarding planning and preparation requirements.

Each classroom teacher is entitled to at least 900 minutes in each four-week period for instructional preparation including parent-teacher conferences, evaluating students' work, and planning. A planning and preparation period may not be less than 30 minutes within the instructional day. During that time, a teacher may not be required to participate in any other activity. [See DEA(LEGAL) for definition of classroom teacher]
