LOVE AND LOGIC 💙 LOVE AND LOGIC 🛡 LOVE AND LOGIC

Love and Logic Solution

Guiding Children to Solve Their Own Problems

Love and Logic Step One: Empathy.

"How sad."

"I bet that hurts."

Love and Logic Step Two: Send the "Power Message."

"What do you think you're going to do?"

Love and Logic Step Three: Offer choices.

"Would you like to hear what other kids have tried?"

At this point, offer a variety of choices that range from bad to good. It's usually best to start out with the poor choices.

Each time a choice is offered, go on to step four, forcing the youngster to state the consequence in his/her own words. This means that you will be going back and forth LOVE AND LOGIC Y LOVE AND LOVE AND LOGIC Y LOVE AND LOGIC Y LOVE AND LOGIC Y LOVE AND LOGIC

between Love and Logic steps three and four.

Love and Logic Step Four: Have the child state the consequences.

"And how will that work?"

Love and Logic Step Five: Give permission for the child to either solve the problem

or not solve the problem.

"Good luck. I hope it works out."

Have no fear. If the child is fortunate enough to make a poor choice, he/she may have a double learning lesson.
