

Login to Online Learning

Keller ISD KCloud Login:

1. Go to Keller ISD Kcloud or use the link:
<https://launchpad.classlink.com/keller?loggedout=1>
2. Username: Lunch Code which is the same as **your student ID** (6 numbers) 123321
3. Password is your initials and birthdate including the full year example: if Sponge Bob Squarepants birthday is October 23, 2008, his password would be sbs10232008.
4. Example: Sponge Bob would login like this:

Username: 123321

Password: sbs10232008

**This is the same way we have logged in at school all year.*

Google Classroom Login:

1. Go to: **Classroom.Google.com**
2. Login using your email address: ex: SBSsquarepants01@kellerisd.com
**This is the same email address you use to log in to Chromebooks at school every day. At home, you must add the @kellerisd.com or it will default to a gmail.com email address and you will get an error message.*
3. Your password is always the same password for all logins. (See #4 above)

IMPORTANT:

KCloud is where you will find many of the tiles you will use to do your assignments and to check your email. We will be sending students and parents weekly emails.

This is where you must go to log in the following:

- **Stemscopes**
- **Brainpop**
- **ThinkCentral**
- **Webmail: Google (this is where you can read your email)**
- **Canvas**

If you are getting an error message or unable to login to your account, please try the above steps first and then let me know and I will try to assist. If you have been in my class all year, you have already joined my Google Classroom so you will not need to put in the code. If it gives you an error message, you are not using the correct email.
